Financial Regulations are one of the Council's three governing policy documents providing procedural guidance for members and officers. Financial Regulations must be observed in conjunction with the Council's Standing Orders and the current Code of Conduct.

1.2 The Council is responsible in law for ensuring that its financial management is adequate and effective, and that the Council has a sound system of internal control which facilitates the effective exercise of the Council's functions, including arrangements for the management of risk.

1.3. The Council's accounting control systems will include measures:

- for the timely production of accounts;
- that provide for the safe and efficient safeguarding of public money;
- to prevent and detect inaccuracy and fraud; and
- that identify the duties of officers.

1.5. At least once a year, prior to approving the Annual Governance Statement, the Council will review the effectiveness of its system of internal control which shall be in accordance with proper practices.

1.6. Deliberate or wilful breach of these Regulations by an employee will give rise to disciplinary proceedings.
